

HangingDisplay, HangingDisplay with dispenser

Technical brief for printshops

HangingDisplay

HangingDisplay with dispenser

Production data, HangingDisplay

Production format (W x H)	250 x 350 mm
Live area (W x H)	250 x 330 mm (see diagram); Due to the mounting, important design elements must be placed at least 20 mm from the edge at the top and bottom.
HangingDisplay material	Cardboard 400–600 gm ²
HangingDisplay with dispenser material	Cardboard 800 gm ²
Printing	Single- or double-sided inkjet, offset, digital or screen printing
Finishing	Two perforations of precisely 5 mm diameter, 150 mm distance between the two hole centres; Distance from top edge: 10 mm, perforation position from side: 50 mm to hole centre on each side

Dispenser and contents

Dispenser box format	max. size for A6 portrait (148 x 104 mm) or landscape / A6/5 portrait (105 x 210 mm)
Material	600 gm ² card
Printing	Inkjet, offset, digital or screen printing
Height	The dispenser box should be at least 2/3 the height of the material it is intended to hold
Depth	The dispenser box must not be more than 15 mm in depth
Dispenser box position	On one side, at least 22 mm from side and 25 mm from bottom edge of the card
Stability	Dispenser boxes must be securely attached to the card (i.e. adhesive applied to entire contact surface rather than in spots) to ensure that they are capable of holding the contents (flyers, reply cards) stably throughout their display life.
Contents weight	Total contents weight per box must not exceed 350 g
Self-adhesive labels	Self-adhesive labels cannot be accepted
Dispenser box assembly	Hanging displays must be supplied in fully assembled condition: dispenser boxes affixed without hinged folds, dispenser boxes filled, contents taped
Refills	Supply bundled and taped per dispenser box
